Què són? Les preguntes 'tag' equivalen a les preguntes *coletilla* en castellà (Hace calor, verdad?) o a les expressions com 'Fa calor, oi/no?

Mètode: agafem l'auxiliar del verb (si és present simple- do, does, si és passat simple -did, si és verb compost o dos verbs la primera forma i la posem en la forma contrària).
És a dir, si la frase està en forma negativa, l'auiliar el posarem en forma afirmativa i si en canvi, està en forma afirmativa, el posarem en negativa..

Ara bé si el que parla i s'admira és una altra persona, l'auxiliar mantindrà la mateixa forma, si és negatiu serà negatiu, si és afirmatiu serà afirmatiu:
