THESE PLANTS ARE.....

1.It's an exotic tree that comes from China but you can see it in a lot of gardens. It has fan-shaped leaves.

2. It's a tree that looks like a pencil, very large and thin.

3. It's the part of the conifer tree that produces seeds (two words).

4. Its leaves are like a needle and squirrels like its white and small seeds.

5. If you add **quit** you'll have the tree's name.

6. You can see these enormous trees in the bear Yogi movies, some times people drive through its trunk.

7. Its also called Mormon tea plant .

8. It's a tree that looks like a phantom.

9. It's the typical Christmas tree.

10. It's the part of the tree that makes pollen (two words).
