

Each of these students is trying to learn how to make a cake, but they are learning in different ways. See if you can match the name of each student with the picture by using the clues below.

JAMIE is learning to make a cake by reading a recipe.
ANSAR is watching a friend make a cake and is doing what the friend does.
CRISTINE is learning by listening to a friend to tell her what to do.
MOHAMMED already knows how to bake a cake, so he is using his memory.
