

## ACTIVITAT DE COMPRENSIÓ ORAL

---

- a. This video describes many aspects of Scotland. Before watching it, have a chat with two or three fellow students about the topics listed below and find out how much you already know about the place.

Scottish festivals and traditions

Most popular sports

The whisky trail

The capital cities

The landscape

The islands

- b. Watch the video and see if your ideas about Scotland have been confirmed. Discuss with your friends those aspects of the video you have found surprising. In a few words note down your comments in the space provided.

- c. During class, have a general discussion about Scotland, talking about the aspects illustrated in the video, and the comments you've written down on your task sheet .

**If you want to gain a deeper knowledge of Scotland come to the Self Access Centre and watch the video again. This time you should listen for the answers to the following questions. You should be able to fulfil the task by playing the video twice.**
