

Everytime the rain comes down

Close my \_\_\_\_\_ and listen

I can hear the lonesome sound

Of the sky as it cries

\_\_\_\_\_ **to the rain**

**Here it comes again**

**Hear it in the \_\_\_\_\_**

Feel the touch of tears that fall

They won't fall forever

In the way the \_\_\_\_\_ will flow

All things come, all \_\_\_\_\_ go

**CHORUS**

Late at \_\_\_\_\_ I drift away

I can hear you calling

And my \_\_\_\_\_ is in the rain

Leaves on \_\_\_\_\_ whispering

Deep \_\_\_\_\_ seas, mysteries

Even when this \_\_\_\_\_ ends

Can't let go this feeling

Everything will come on \_\_\_\_\_

In the sound falling down

Of the \_\_\_\_\_ as it cries

Hear my name in the rain
