

The parallel galaxy

*By Adam Font Caparrós and Jordi Josa Escuer
Escola Miquel Martí i Pol – Sabadell (Spain)*

Material

- F Christmas balls (specially shining)
- F Hanger
- F Earth ball
- F Dental floss
- F Metal thread
- F Stickers (moon and stars)
- F A little piece of wood

Process

First, we put one Christmas ball in the hanger.

After that, we cut more dental floss to put another ball.

Then, in one hour we have three balls in the hanger.

We take the Earth ball. We pass the metal thread across the ball with the dental floss.

Then we put a piece of wood at the end of the dental floss.

We hang the Earth ball on the hanger.

Finally, we put the stickers in the hanger.

The product

And this is our parallel galaxy, with the Earth and other planets in a parallel dimension.
