

SYMMETRY IN SHAPES

Refresher

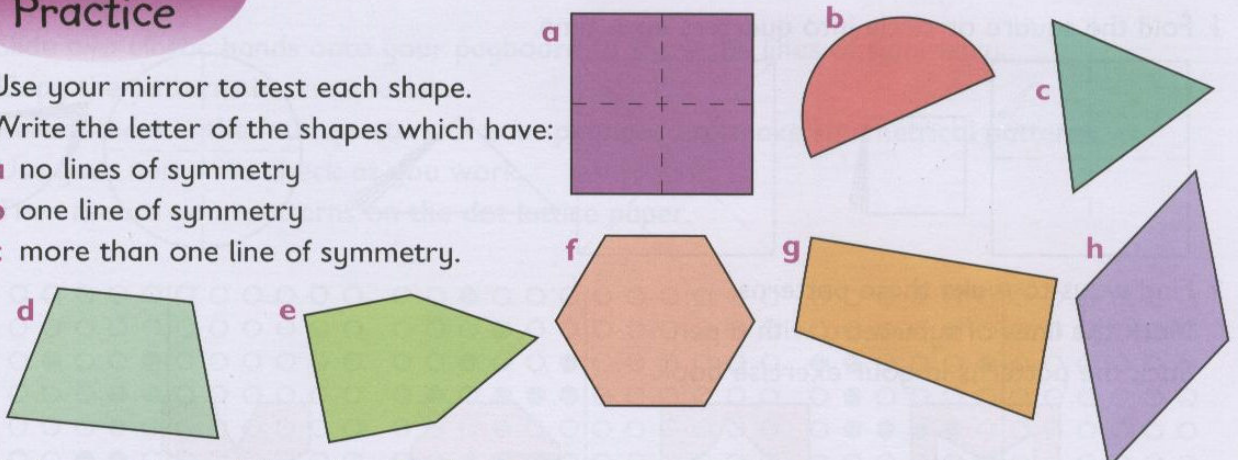

Place your mirror on each triangle in turn.
Copy and complete the table.

| Lines of symmetry | triangle |
|-------------------|----------|
| none | |
| one | a, |
| more than one | |

Practice

- Use your mirror to test each shape.
Write the letter of the shapes which have:
- a** no lines of symmetry
 - b** one line of symmetry
 - c** more than one line of symmetry.

Copy the table about the triangles and complete it.
