

REFLECTIVE SYMMETRY

The image contains six grid-based shapes arranged in a 3x2 grid, each with a dashed line indicating an axis of symmetry for a reflection exercise:

- Top-left:** A stepped polygon with a vertical dashed line of symmetry.
- Top-right:** A zig-zag shape with a vertical dashed line of symmetry.
- Middle-left:** A complex shape with a vertical dashed line of symmetry.
- Middle-right:** A stepped shape with a horizontal dashed line of symmetry.
- Bottom-left:** A shape with a horizontal dashed line of symmetry.
- Bottom-right:** A shape with a horizontal dashed line of symmetry.
