

REFLECTIVE SYMMETRY

The image shows a 3x2 grid of graph paper. Each grid square is 10 units wide and 10 units high. The top-left grid contains a black line drawing of a stepped shape. The top-right grid contains a black line drawing of a zigzag shape. The middle-left grid contains a black line drawing of a complex polygon. The middle-right grid contains a black line drawing of a stepped shape. The bottom-left grid contains a black line drawing of a shape with a rectangular body and a notch on the left side. The bottom-right grid contains a black line drawing of a quadrilateral.
